Limestone filled all its spaces **early again this year.** [Click here to see available spaces in Limestone!](#)

Collecting sap for Maple Syrup

We went Skiing in February!

Ontario...yours to discover!

Activities for Winter 2024!

'Yours to Discover' is Ontario's motto and we plan on doing just that this Fall. We have three activities ready for Semester II. ① We had a great skiing trip to Camp Fortune and to Calabogie in February. We did lessons, skiing or snowboarding and everyone had a great time! ② Professional Hockey Game. We are going to see the Ottawa Senators play hockey later this month. ③ In May we are going to Toronto to Canada's Wonderland! We are all looking forward all our fun experiences in Ontario!

Students are Playing School Spring Sports! International students will be playing Rugby, Soccer, Track & Field, Tennis, Softball and Beach Volleyball in the Spring.! Our students play against other teams and complete in the [KASSAA](#) league.

Getting to Kingston is easy!

Did you know that Kingston is located halfway between Montreal and Toronto on Canada's busiest highway, the 401?

Although our airport still is not connecting to Toronto or Montreal again yet, we do free airport pickups in a window of time at the beginning and end of each semester.

Kingston, the place to be in Ontario!
